

# What is changing in 2020?

## **PHYSICAL AND ONLINE EXHIBITIONS & EVENTS**

In 2020 all exhibitions and events must be either held online or comply with current State Government Restrictions.

If you want to have a physical exhibition ensure that your venue is not currently in lockdown and think about how audiences can view your work while observing safe distancing protocols.

## **COMMUNICATION IS KEY**

The SALA 2020 format is new to everyone. If you're unsure if your event is eligible for SALA or you want to discuss how to adapt your existing exhibition, get in contact with the SALA office.

## **REGISTRATION DEADLINE**

In 2020 you will be able to register events and exhibitions until 31 August. This is not a typo! As there will not be a print program we can be flexible and responsive to changes in Government advice.

Please note that Award nominations close 30 June. To enter the Awards you must have registered an event/exhibition and completed an Award nomination form before then.

## **NO PRINT PROGRAM**

SALA will not be producing a print program for 2020. The SALA online program and the SALA App will list all registered SALA exhibitions and events including digital exhibitions.

## **FREE REGISTRATION**

SALA will be offering FREE registration across all categories during 2020.
